

# PREMIUM MOTOR OIL

## SAE 5W-30 | SL/CF

ULTRA SEMI SYNTHETIC

### FOR ALL PETROL & DIESEL ENGINES

FILDEX® ( SAESW-30 ) Semi-synthetic high-performance motor oil is designed for diesel engines (aspirated diesel engines and diesel engines with exhaust-gas turbo charging, with and without charge air cooler). It exceeds the highest test requirements demanded by renowned manufacturers. Keeps engine gaskets such as the shaft seal and valve stem seals elastic and ensures low oil consumption.

Prevents the build-up of harmful deposits and guarantees total engine power. The oil is specially suitable where long intervals between oil changes and extreme operating conditions are required. For the demanding diesel driver. Especially suitable for mixed fleets.

# SYNTHETIC MOTOR OIL

## SAE 5W-40|SL/CF

100% SYNTHETIC

FOR ALL EUROPEAN GASOLINE & DIESEL ENGINES

FILDEX® ( SAE5W-40 ) synthetic low viscosity engine oil with extremely high performance reserves for all-season use in diesel and petrol engines with or without diesel particulate filters and exhaust-gas turbochargers. The combination of unconventional basic oils using synthetic technology together with the latest additive technology make the oil that provides exceptional protection against wear and reduces oil and fuel consumption while ensuring that the engine is immediately supplied with oil. Notable for excellent antioxidant and dispersive properties that guarantee cleanliness of the engine and its extra service life.

## SAE 10W-30|SL/CF

ULTRA SEMI SYNTHETIC

FOR ALL PETROL ENGINES

FILDEX® ( SAE10W-30 ) Semi-synthetic high-performance low-viscosity engine oil for year round use. Specially developed for engines of all types with or without turbo charging including engines of gas-powered vehicles. Selected base oils and a high additive content guarantee ideal lubrication even under extreme conditions. Fast cold-start oiling provides excellent engine wear protection during the start phase and during warm-up phase. Prevents sludge formation through especially good dirt-suspending and cleaning power. Keeps oil consumption low. Provides fast oiling of engine and turbocharger.

## SAE 10W-40|SL/CH-4

HIGH PERFORMANCE ULTRA SEMI-SYNTHETIC

FOR ALL PETROL & DIESEL ENGINES

FILDEX® ( SAE10W-40 ) Semi-synthetic all-year, low-viscosity engine oil is specifically developed for automobile diesel engines with and without exhaust turbo supercharging and charge-air coolers. It is the ideal engine lubricant that reliably prevents the formation of deposits, reduces friction losses in the engine and provides the optimum protection against wear. Fastest cold-start oiling during starting and minimum friction during daily driving ensure an extremely long engine service life. The synthetic components and specially matched additives meet the latest requirements demanded by modern engine concepts. Especially suitable for mixed fleets.

## SAE 10W-40CH-4/SL

ULTRA SEMI SYNTHETIC

### FOR ALL DIESEL ENGINES

FILDEX® ( SAE10W-40 ) Semi-synthetic year-round high-performance motor oil formulated according to the latest technology. Selected base oils combined with new additive technology have resulted in motor oil which guarantees optimum lubrication under extreme running conditions. Guarantees the greatest safety reserves during the start and warm-up phase, under extreme loads and during stop-and-go traffic, etc. Optimum for modern petrol and diesel engines with multi-valve technology and turbocharging (with or without charge air cooling). Especially suitable for gas-powered vehicles. Tested safe with catalytic converters and turbochargers.

## SAE 15W-40|SL/CF

ULTRA SEMI SYNTHETIC

### FOR ALL PETROL & DIESEL ENGINES

FILDEX® ( SAE15W-40 ) Semi-synthetic high-performance motor oil for diesel engines (aspirated diesel engines and diesel engines with exhaust-gas turbo charging, with and without charge air cooler). Exceeds the highest test requirements demanded by renowned manufacturers. Keeps engine gaskets such as the shaft seal and valve stem seals elastic and ensures low oil consumption. Prevents the build-up of harmful deposits and guarantees total engine power. Especially suitable where long intervals between oil changes and extreme operating conditions are required. For the demanding diesel driver. Especially suitable for mixed fleets.

## SAE 20W-50|SL/C|4

PREMIUM MULTIGRADE OIL

FOR PETROL & DIESEL ENGINES WITH HIGH TEMPERATURE AND HEAVY LOADS

FILDEX® ( SAE20W-50 ) Mineral high-performance all-year motor oil for petrol and diesel engines. Provides especially good dirt-suspending and cleaning power. Prevents hot and cold sludge formation. Oxidation and viscosity stable. Ensures the greatest lubricating film stability, ideal oil pressure and maximum wear protection even under critical conditions. Tested safe with catalytic converters and turbochargers. Especially suitable for vehicles with high mileage.
